COUNTRY NATIVE PASTORS GIVE FROTH NOT TRUTH

**Should Know More of the Bible and Attend
Mainland Theological Schools--Kamehameha
Should Supply the Coming Preachers.**

The monthly meeting of the Woman's Board of Missions held at Central Union church yesterday afternoon, was largely taken up by an interesting address by Rev. Doremus Scudder on the work of the Hawaiian Evangelical Board during the past year. The Hawaiian and Japanese work of the Woman's Board was told of by Miss Green and Mrs. Gulick.

Dr. Scudder spoke to the subject, "The Outworking of Co-ordination." By co-ordination Dr. Scudder said he meant "getting together." This was the new policy of the Board determined upon last year. The condition of the treasury at that time was serious and it looked as if there might be a number of lines of work surrendered to make both ends meet. It was decided to line up more closely and bring the different departments of the work into closer connection so that esprit du corps might be advanced.

The Hawaiian, Portuguese, Chinese and Japanese speaking departments of the board's work had stood apart ecclesiastically. It was found necessary to bring them into closer communion. There was the Hawaiian society. Hitherto, the policy had been that members of no other race should be admitted to its fellowship. The board asked the Hawaiian leaders and pastors to open their society to pastors of other nationalities, and to all other peoples, and thereby present a solid front in the work. The Hawaiians acceded to the proposition willingly. Now the Japanese and Chinese evangelists can join the Hawaiian society and form a compact body of Christians.

Dr. Scudder announced that in line with this method of advancing Christian work, there would be a union of societies held today, somewhat on the plan followed for some time past in Hilo. A call has been issued to all churches—Japanese, Chinese and white churches—to join in the three meetings proposed for today.

The problem in the country districts had been different. There were never enough Christians of any one race to organize a church, and there were generally union churches. This was best exemplified by the work being done under the union proposition in Kona, by Rev. Mr. Baker. "English is the language used there," said Dr. Scudder, "out of which may come the future church of the islands."

Dr. Scudder referred briefly to the Sunday question. "We have been defeated," he said. "We have been whipped but we are going to fight it out until we win."

The local evangelical association was working well in with the mainland organizations. Representatives from the islands had attended the last national conference. These representatives told the national assembly that there was life and enthusiasm in the churches in Hawaii. They were told that here the people had suffered Christian defeats but were enthusiastic as ever to continue the work. Hawaii, he said, had an honorable place in the councils of the islands. Every church was bound to make two collections annually, the fund to be sent to the American Board.

He thought it a wise thing for the home training of Hawaiian pastors that they be sent to the mainland to complete their theological studies. He advocated sending leading young Hawaiian Christians to the states that they might learn more of the Christian heart of America. He hoped that Rev. Stephen Desha and Rev. David Al would be sent to the new theological school at Chicago. He looked also to the Kamehameha schools to turn out young Hawaiian men for the island ministry. There should be from five to ten young men always in training. At present the real leaders among the Hawaiian Christians could be counted on the fingers of two hands, and possibly on one. The fault was that they had not had the real training, the contact with the great Christian world in the states, to render them better leaders.

"The country pastors are charged with not knowing enough of the Bible," he said, "that they give froth instead of truth. That is the cause of the decline in our native church work." Kawaiahaeo church was now doing excellent work. A committee was out personally looking after collections to further the work. Rev. Henry Parker had told him that there was more interest manifested now than he has seen for a long time.

Dr. Scudder concluded by saying that with the help of the American Board which was sending \$9000 annually for the island work, the Hawaiian Board would be able to wipe off its debts and have something in the treasury by next year.

In Mrs. Gulick's report, she stated that the Japanese Woman's Home was now in receipt of sufficient funds to run it every month and pay off some of the debt. More help from Japan was expected in the way of a bible instructor for the Makiki church and another to run the Young Men's Club. A Japanese preacher had also arrived from Japan and was now at Puunene, Maui. Another young evangelist who had formerly resided in Hilo and had taken a course at Moody school in Chicago, had returned to Honolulu full of zeal to take up missionary work.

Mr. Scudder reported that Mrs. De-

missionary labors in Pleasant Island, going by way of Sydney.

For the new committee on work for the ensuing year, Mrs. Theodore Richards was named as chairman. The new nominating committee comprises Mrs. J. M. Whitney, chairman; Mrs. Coan and Mrs. Lowrey.

Dr. Scudder spoke of a young Japanese woman, Mrs. Koka, who had formerly taught in the Honolulu kindergartens and had rendered faithful service. She had gone to Boston to fit for higher work, but had become financially embarrassed there. She had expected local aid, but this has not been forthcoming. Dr. Scudder made an appeal in her behalf.

Mrs. McAdam of Vancouver gave an interesting account of the Christian work done in that city.

Glory for me, glory for me,
When by His Grace I shall look on
His face,
That will be glory, be glory for me.

II.

When by the gift of His infinite grace
I am accorded in heaven a place,
Just to be there and to look on His
face,
Will thro' the ages be glory for me.

III.

Friends will be there I have lov'd long ago;
Joy like a river around me will flow;
Yet, just a smile from my Savior, I know,
Will thro' the ages be glory for me.

THE CALL TO PRAYER.

There are many and multiplying evidences of the special presence of God's spirit with His church at this present time. The tidings from afar tell of the spiritual revolution in Wales and of a great awakening in England. Messages from many places in our land tell of an unusual interest in spiritual things. There are many signs that God's set time to favor Zion has come. The heart of the church is throbbing with expectancy and hope. The God who has so signally blessed the church in Wales is waiting to bless the church in our own city and on these islands. He is not more partial to the hills of Wales than He is to the highways of Honolulu.

The conditions on which the divine blessing may be received are few and simple, but very radical. There must be an humbling of ourselves before God. "Humble yourselves in the sight of the Lord and He shall lift you up."

There must be faith. "That we might receive the promise of the Spirit through faith." There must be prayer. "If ye then, being evil, know how to give good gifts unto your children; how much more shall your Heavenly Father give the Holy Spirit to them that ask him." But we must ask.

There must be a putting away of sin. "If my people which are called by my name shall humble themselves and pray, and seek my face, and turn from their wicked ways, then will I hear from heaven, and will forgive their sins, and will heal their land."

These are the conditions on which God promises to bless and baptize his people. That we may be prepared to fulfill these conditions, Wednesday, April 5th, has been set apart as a day of humiliation and prayer. The services will be held as follows:

The morning service will be held at 10 o'clock in the First M. E. Church, and will be led by the Rev. Wm. M. Kincaid. The afternoon service will be held in the Christian Church at 3:30 and continue until 4:30 o'clock. The leader will be the Rev. J. W. Wadman.

The evening service will be held in Central Union Church at 7:30 o'clock. The Rev. Dr. Scudder will preside.

The Christian people of our city are earnestly invited to all these services. Let us all meet with one accord, in one place and wait for the outpouring of the spirit upon our churches.

Signed on behalf of the churches and the religious organizations of Honolulu:

TO MAKE ANOTHER EFFORT TO GET REDUCED RATES

The effort to get lower passenger rates between San Francisco and Honolulu will be soon worked again by local organizations interested in seeing Hawaii made the wintering resort of the mainland. A couple of months back the Canadian steamship line reduced its rates for passengers in parties, but the rate went into effect before the matter could be properly advertised, and few people were fortunate enough to benefit by it.

The Pacific Mail, and, in fact, all lines running to Hawaii from San Francisco, have persistently refused to lower their rates, but it is believed that the time is drawing near when a cut will have to be made. It is noticeable, too, that the Pacific Mail company is now doing more advertising in leading magazines and periodicals than ever before. Whole pages are being devoted to advertisements, illustrated with pictures in colors, which is an expensive item. For months this has been going on. The incentive is due somewhat to the establishment of Jim Hill's line of big steamers on the northern route. The Pacific Mail has taken note of this in its ads, by calling attention to the foggy weather up to the north of the islands. The Mail people tell the mainlanders that by sailing on its vessels via Honolulu they would miss the fog and cold to the north. This indicates that the Hill line is making an impression, or at least, will make an impression on travel in time on the San Francisco-Honolulu-Orient route.

Already great amounts of freight are being sent from all parts of the mainland to Seattle to be placed aboard Hill's boats. A dispatch in the last file of papers told of scores of carloads of meats, steel, iron, etc., intended for Japan, which were being shipped to Seattle.

A gentleman connected with interests desiring more tourist travel to the islands said yesterday that he believed in less than a year's time steamer fares would be much less than at present.

A tourist also said yesterday that people are becoming tired of Florida. It's Florida every winter with some people, until they have become surfeited with the southern resorts. It's change they want, and Hawaii, now being well advertised, is supplying the want.

by Japan under cover of treaties negotiated by the United States.

2. Recedence from insistence on the proposition for a neutral zone in Northern Korea, but again-putting forward its desirability.

3. Acceptance of the stipulation in Article 3 of Japan's original propositions regarding the juncture of the Korean and Manchurian railroads.

Russia refused:

1. To include in the treaty an obligation to respect the territorial integrity of Manchuria.

2. To withdraw the inhibition against using Korean territory for strategic purposes.

The note, it is claimed, proves conclusively that Russia hoped to prolong the negotiations.
